

HEARING ON COUNTY BUDGET; INDICATED TAXES BE REDUCED

FORMAL APPROVAL SCHEDULED AT REGULAR MEETING OF COURT

Public hearing on the proposed budget for Navarro county revenues and expenditures for 1944 was held Tuesday morning. The budget is expected to be adopted later at a regular meeting of the commissioners court. Some items were increased as compared with this year while others were decreased or eliminated. The revenues set up in the proposal as discussed Tuesday aggregate \$310,025 for the general, salary, road and bridge, permanent improvements and jury funds, and does not include bond issues of various denominations, of schools, road districts or levees. All commissioners were present, with Jim Taylor of Corsicana as the presiding commissioner. A message was delivered to the court from Dr. Will Miller, stating he had ordered County Judge E. D. McCormick to remain at his home because of illness.

Health Unit. Mrs. W. H. Steele of the city-county health unit advisory board gave various figures and reports on the immunization program, field visits, lectures, health programs, inspections, etc. She said the personnel of the unit had traveled 62,000 miles in the work this year.

Under the proposed budget, the taxes this year will be reduced. The county rate will be one cent lower than last year. It will be 44 cents on the \$100 valuation, instead of 45 as last year. Several road districts will have lower levies than in 1943 and in no instance is there an increase. The state rate has also been lowered from 75 cents to 47 cents, but small property owners do not have to pay state taxes because of the homestead exemption.

Valuations Up. The valuations are increased this year with \$20,300,000 estimated as compared with \$20,090,547 in 1943. The rate of the jury fund was reduced from health programs, field visits, lectures, health programs, inspections, etc. She said the personnel of the unit had traveled 62,000 miles in the work this year.

In Consolidated Road District No. 1, the rate will be reduced from 20 to 19 cents, while the five-cent and three-cent levies on previous bond issues will remain, making the Corsicana area road levies at 27 cents as compared with 28 this year.

Other rates are District 3, Barry, 20 cents; District 4, Frost, 50 cents; District 5, Dawson, 20 cents; District 7, Montfort, 60 cents; District 8, Blooming Grove, 51, a reduction of 10 cents; District 9, Kerens, 20 cents; District 10, Buffalo, 45 cents; a reduction of 15 cents from last year; District 11, Richland, none (100 per cent state aid); District 12, Rice, 70 cents; District 14, Purley, nine cents, down one; District 15, Winkler, \$1.20.

Balance Reported. Jury Fund—Revenue estimated at \$6,400. There is a present balance of \$9,155, while it is estimated there will be \$15,000 available on January 1, making a budget of \$21,100. It is estimated that the expenditures will approximate \$9,208, including the transferring of the \$2,700 yearly salary of the district court reporter from the general to the jury fund.

Road and Bridge. Net revenues listed at \$119,700. Salaries, bonds, etc., carried at \$3,200, leaving \$116,500 for the four commissioners—with \$33,785 to Precinct 1 and the other three receiving \$27,571.67. There was \$114,000 available in 1943.

The revenues for the road and bridge fund come from the 15-cent tax levy, auto registrations, gasoline tax refunds, rent of equipment, etc.

General Fund. Revenues estimated at \$82,100, as compared with \$92,175 in 1943. The reduction is that \$10,000 is set up to be borrowed, only half that set up for last year. County Auditor E. Y. Cunningham, stated. The revenues come from the 25-cent tax, polls, occupation, trial fees and fines, etc.

Expenditures are carried at \$81,410. Commissioners salaries nine months, bonds, secretary to the county judge, etc., is listed at \$5,520. The county auditor office—salaries and supplies, is \$7,065, as compared with \$6,385 in 1943.

Maintenance of the buildings, janitors and firemen's salaries and

PROMOTED. Mr. and Mrs. Luther Westbrook have received word from their son Luther J. Westbrook that he had been promoted to the rank of captain. Captain Westbrook was with the first U. S. troops to go to England in 1942; was on the initial landing of troops at Oran; participated in the battle of El Guitar, and the battle of Tunisia. Capt. Westbrook is a graduate of A. & M. College, class of 1942, and was a Cadet Captain of Field Artillery.

supplies, heat, light, water, repairs and replacements are \$8,380, as compared with \$6,830 last year. Miscellaneous items—including elections, attorneys' fees, assessing taxes, court costs, vital statistics, insurance, advertising, etc., is estimated at \$7,610, as compared with \$6,425 for 1943.

Courts. District, county and justice, \$6,250 as compared with \$9,629. The largest item in the reduction is the transfer of the court reporter's salary.

Lunacy—\$1,000 as compared with \$550 last year.

County farm and home—\$1,510 in 1944, \$3,289 in 1943.

Paupers, medicines—\$450, \$425 last year.

Health and sanitation—Hospital, \$5,000, no change; city-county health unit, \$2,600, no change; hospital equipment notes, \$670 as compared with \$352.12 in 1943; health officers salary, \$800, \$100 down from last year; transportation of tuberculosis patients, \$100, reduced from \$300. Total: \$9,170 for 1944; \$9,609.12 in 1943.

Jail. Maintenance, drugs, clothes, transportation, janitor's supplies, feeding and guarding prisoners, \$5,850; \$5,375 for 1943.

Agriculture and livestock. \$5,765, compared with \$5,105. Salary increase for secretary to agents and stationery and supplies represents the increase.

Capital outlay. Upkeep of radios for sheriff's cars, \$100, same as this year; office furniture, \$300, no change; payment on debt to bank, \$17,000 as compared with \$15,350 in 1943.

Donations to organizations. Law librarian, \$300, \$180 past year; welfare rent and supplies, \$505, with \$804 this year; Texas Defense Guard Unit, \$480, \$100 down from last year; \$100, with \$125 this year; office of Civilian Defense, \$1,000, same as previous year. Total, \$2,385, compared with \$7,725 this year. The difference is made up by the stopping of the stamp office relief office, V. D. clinic and sewing rooms.

Permanent improvement will have \$9,000 available for 1944. Repairs at the courthouse, jail and hospital this year amounted to \$6,097.24.

Revenues estimated at \$68,125, with about \$10,000 cash expected to be on hand gives this fund \$78,125, as compared with \$71,929.79 the past year. Increased costs of stationery and supplies and some salary increases allowed since last year is given as the reason. No general raise in salaries to officials or deputies is included in the proposed budget, it was brought out.

Estimated disbursements in the salary fund for 1944, which includes the salaries, stationery, postage, telephone and telegraph, and other expenses, includes:

Assessor and collector of taxes, \$21,155.82; district clerk, \$7,070; county clerk, \$16,355; sheriff, \$16,663 (which also includes the groceries at the jail); county judge, \$4,542.50; criminal district attorney, \$10,400; county treasurer, \$1,675. Total: \$77,861.32.

Sgt. George C. Baker is home on a fifteen day furlough visiting his wife, Mrs. George C. Baker of Corsicana, and his parents, Mr. and Mrs. W. D. Baker of Fort Worth.

DISCOUNTS TO BE ALLOWED FOR EARLY REMITTANCES

COMMISSIONERS TO CONSIDER 1944 BUDGET ADOPTION FRIDAY AFTERNOON

Navarro county tax-payers will be allowed discounts for the early payment of taxes as has been the practice in former years, it was decided at the regular meeting of the commissioners court Wednesday morning. Discussions were held on the proposed appropriating of \$600 for an assistant county home demonstration agent for 1944 and a conference with Halley Blake, assessor and collector of taxes, and David Ralston, assistant criminal district attorney, relative to occupation taxes on marble machines and other similar machines.

Budget Up Friday. Another meeting of the court will be held Friday afternoon at 2 o'clock to consider the final passage of the 1944 budget. Judge E. D. McCormick was still unable to attend Wednesday's session because of illness, but hopes to be able to be present Friday afternoon. Commissioner Jim Taylor was presiding commissioner.

Miss Vera Sneed, county home demonstration agent, said the district agent was unable to be present, and advised the court that a discussion had been held with County Judge McCormick relative to the assistant home demonstration agent. She said A. and M. College would care for the remainder of the assistant's salary if Navarro county provided the \$600. The county agent said there were 20 women's clubs and 16 girls' clubs in the county at the present time, with work being done in unorganized sections in the food preservation program. There are about 800 women and girls in the clubs, Miss Sneed pointed out.

Claims were allowed except as noted on the docket. The quarterly report of Miss Alma Armstrong, county treasurer, for the period beginning May 1, and ending July 31, 1943, was accepted and ordered filed.

The monthly report of F. J. Robinson, negro county agent, was filed. On motion of Commissioner L. M. Seale, seconded by Commissioner Dreher, the court voted to allow three per cent discount on the payment of current taxes in October, two per cent in November and one per cent in December. All voted aye on the motion.

All departments of the courthouse, except the law enforcement agencies, will be allowed a holiday, Monday, Sept. 6, Labor Day, according to a resolution passed. A check on the sum of \$952.48, state warrant, criminal district attorney's office, was authorized to be discounted to the First State Bank of Blooming Grove at one per cent.

Red Cross Warns Kitchen Canner of Kitchen Accidents

In a summer of unprecedented home canning, the American Red Cross warns of accidental injuries in the kitchen at canning time. Among the most serious injuries from canning accidents are burns caused by scalding and cuts resulting from the breaking of fruit jars as lids are being tightened.

"Housewives also should be careful of burns on the hands resulting from an attempt to lift hot vessels without the use of pan holders or gloves," warns accident prevention chairman of the American Red Cross.

"Certainly," they say, "it would be unfortunate in the patriotic attempt to add to the nation's reserves of foodstuffs, to incur personal injuries brought about by careless practices. Every home canner should heed carefully the safety rules before undertaking her kitchen project."

Among cautions listed by the American Red Cross are the following:

KEEP small children out of the kitchen when you are working with boiling liquids and hot jars. And remember that keen edged knives, steaming kettles and sharp utensils fascinate children, but cause ugly injuries.

KEEP liquids off the floor to avoid slipping and falling.

CHECK each fruit jar to make

GETS SILVER WINGS. Sgt. Oliver E. Allen, son of Mr. and Mrs. O. E. Allen, Corsicana, Route 2, received his silver wings and sergeant's rating from the U. S. Army gunnery school at Laredo on Aug. 2. Sgt. Allen entered the Army Air Corps Dec. 8, 1942, and finished at the technical school at Sioux Falls, S. D., on June 1. He is now in Salt Lake City, Utah. Sgt. Allen attended the Emhouse high school.

Ellen Purifoy and Cpl. James Ellett Wed Tuesday Eve

The marriage of Miss Ellen Purifoy, daughter of Mr. and Mrs. Russell A. Purifoy, to Corp. James Newton Ellett, son of Mr. and Mrs. J. I. Ellett, was solemnized at 8 o'clock on Tuesday evening at the home of the bride's parents, with Rev. J. I. Cartledge officiating at the impressive single ring ceremony.

Candlelight provided the illumination in the home and the bride and groom were grouped before an improvised altar fashioned of a profusion of white gladioli and asters in pedestal vases and gleaming white tapers in gold candleholders, silhouetted against a background of Kenia palms.

The bride, who entered on the arm of her father, was attractive in an aqua crepe ensemble with brown accessories, and a corsage of orchids and stephanitis. The bride also wore the traditional "something old, something new, something borrowed and something blue."

Miss Jeanette Purifoy attended her sister as maid of honor. She was attired in pink crepe and her flowers were dubonnet roses. James Wilkinson, who is a member of the U. S. Naval ROTC at the University of Texas, served as best man.

The bride's mother wore a dark blue crepe with corsage of pink roses. The bridegroom's mother was gowned in black tulle with a corsage of white carnations.

Reception Held. For the reception after the ceremony, the bride's table in the dining room which held the double wedding ring cake, was adorned with an artistic array of white summer flowers, and accented with a huge bunch of white satin ribbons.

Mesdames Earl and Fullwood Boyd served the cake, Misses Barbara Byrd and Virginia Smith regaled the guests, and Misses Jo Lynn Morgan and Betty Jo Benton presided at the punch service.

The bride is a graduate of Corsicana High school and attended Texas State College for Women at Denton. The bridegroom is a graduate of Corsicana High school, entered the U. S. army in March, has just completed a course in army administration at the Mississippi State College at Hattiesburg, Miss., and is now en route to his new assignment at Fort Lewis, Wash.

Corp. and Mrs. Ellett left on a short wedding trip immediately after the reception.

Out of town guests at the wedding were the brother-in-law and sister of the bridegroom, Mr. and Mrs. Buster Moore of Galveston.

sure it is not cracked before you pour hot liquids into it. DON'T take chances with paraffin. Use an asbestos pad under the vessel you are melting it in—and remember that addition of water to hot paraffin will cause an explosion.

Let the pressure go down to zero before you attempt to open a pressure cooker.

Friends of Dale Owen of Kerens will be interested in knowing that he is improving rapidly following a ten days illness.

pared with 475 cargo vessels delivered by all other shipyards in the nation for the same period. Contracts for construction of an additional 108 Liberty ships were placed with a Texas shipyard in July.

The August allowable for crude oil—much of it going to war machines—for Texas of 1,813,000 barrels daily was the largest production authorized in the state since proration was initiated about 12 years ago. Subsequently, the August allowable was increased and the September allowable has been set at 1,940,000 barrels daily.

The rate of increase in dollar volume sales in department stores continued to be larger than in other federal reserve districts. These sales fell off 5 per cent in June and 9 per cent in July, (this decline is smaller than usual at this time of year) but sales for the two months were 50 per cent above those in comparable months in 1942.

The demand for merchandise at reporting wholesale trade firms was seven per cent above that of July a year ago, but inventories of the wholesale firms averaged 18 per cent below those last year. There was a small increase in

construction contracts during July, but their value was 85 per cent below that in July last year. On July 15 average prices at Texas farms of all principal agricultural products, except hogs, were appreciably higher than on the comparable date in 1942, despite a slight decline between June 15 and July 15.

THE WAR TODAY

CONTINUED FROM FIRST PAGE

spread the news—and it was quite accurate—that we could have attacked the Japanese mainland had we seen fit.

There is some speculation whether our forces had the hope of drawing the Japanese navy out into the open where we could get at it. Well, that's an interesting thought, but the best we can say without further information is that the American navy would be happy to get a crack at the Japanese fleet under favorable conditions.

The Nipponese have been keeping their main naval strength close to home bases—and who can blame them? If they should lose their fleet, the little island of Japan certainly would be exposed to some nasty winds. It is for this reason that thus far

they haven't dared risk an all-out sea combat with us. Is our task force bent on occupying Marcus Island Obviously this base, so close by air to Tokyo, would be a great asset to us, if it could be held without too much sacrifice. It wouldn't be easy to maintain this position, so close to the Japanese mainland. Likely the question of whether the task force would try to occupy the island would depend on how successful we were in paralyzing Jap resistance. It would represent a very difficult operation.

WAC MURDER

ment of blind fury." They did not elaborate. Lieut. Noel Jones of the city detectives said authorities were intensifying their search for a "woman in black" whom a bellboy said he saw in Corporal Ridings' room a short time before she was found slain Saturday night. Miss Ridings' home was in Warm Springs, Georgia.

Detectives continued to hold under \$2,500 bond, on a vagrancy charge, Robert Wolfington, 22, another bellboy of the hotel. Questioning yesterday produced some

"discrepancies" in his account of his actions in the hours surrounding the slaying, Lieut. Jones said. Jones added, however, that Wolfington was "frank, straight-forward and co-operative."

Police considered a prank a rain-soaked note, supposedly found downtown yesterday, reading "Bob. Maoma Ridings will be at the hotel the 28th. Make a early visit. Don't worry." Unsigned, it was brought to police by a small boy.

Corporal Ridings' body, nude from the waist down, was found in a pool of blood in her hotel room. She had been struck on the head and her throat and wrists had been cut. The only weapon found was a broken, blood-stained whiskey bottle.

Due to the Over Demand

of mechanical work, we are forced to close every Saturday in order to get our work out for our customers. Labor shortages are such that we are unable to get a dependable mechanic at this time. Come to see us during the week days.

DALLAS ATTORNEY BECOMES MEMBER OF LOCAL LAW FIRM

Leighton B. Dawson, Dallas attorney, became a member of a local law firm Wednesday and has moved his family to Corsicana. He is a member of the law firm of Davis, Jester, Tyson & Dawson. The late C. L. Jester was with the firm for many years.

A native of Waco, the son of the Rev. and Mrs. J. M. Dawson of the First Baptist church of Waco, the new attorney is a graduate of Waco High school, received his AB degree in 1931 and his LL.B. degree in 1933 at Baylor University.

Following a short stay with the firm of Tiley & Tiley in Waco, Dawson went to Dallas and was connected with the Home Owners Loan Corporation, the Dallas Title & Guaranty Company and for several years had been resident in the attorney for Texas for the Prudential Insurance Company of America.

Mrs. Dawson is the former Miss Florence Reilly of San Antonio. The couple and their three children are residing at 1505 Woodlawn.

Parking Meter Receipts.
Parking meter receipts for the week ending Tuesday afternoon were \$171 below the previous week, according to City Secretary J. P. Welch.

Receipts for this week were \$234.75 as compared with \$236.46 last week, Welch reported.

PUBLIC INVITED TO HEAR EVANGELIST AT C. P. CHURCH

The public is cordially invited to attend the Cumberland Presbyterian Church tonight at 8:30, that they might hear the Rev. Vaughn Fults deliver another potent evangelistic message. The subject for the evening will be "There is a Way That Seemeth Right Unto Man."

The revival is not only featuring Rev. Mr. Fults, but also fine gospel singing. There will be special music for the evening service.

Last evening, the Rev. Mr. Fults brought a "Character Sketch of Peter." The officials of the Cumberland Presbyterian Church trust that the people of Corsicana will take the opportunity of attending all the revival services.

Corporation Court.
Two persons paid fines for overtime parking and two others were cited for the same offense, according to Thursday's police report. One man was arrested for intoxication.

A downtown coffee shop reported three youths ate more than a dollar's worth of food and walked out without paying their check. Officers were investigating.

Box Supper.
There will be a box supper at St. Elmo Friday night, Sept. 3rd, benefit of the cemetery. —Cemetery Committee.

NEW OPA FOOD CHART—This point-value chart for processed foods was released by the Office of Price Administration.

OPA ORDERS NEW VALUATION FOOD ITEMS NEXT SUNDAY

THIRTEEN ITEMS INCREASE IN STAMP VALUE WHILE EIGHT LOWERED

WASHINGTON, Sept. 2.—(AP)—The Office of Price Administration today ordered the blue-stamp ration value of four types of canned fruit boosted, effective Sunday, in an attempt to slow down shoppers' demands.

The agency made point changes in 21 food items—13 up and eight down—as the result of a survey of the demand and available supplies of canned and processed foods. All the changes go into effect Sunday.

It fixed the ration value of No. 2 (large) size canned apples at 10 points, an increase of three; 16 oz. cranberries at 10 points, up two; No. 2-2 peaches at 27 points, up four, and No. 2-2 pears at 21 points, up six.

The same order returned dried prunes, raisins and currants to the ration list after a summer vacation. They were valued at four blue points a pound.

Point values were raised for canned and bottled beans, pumpkin and squash. Other types of canned beans—fresh shelled, green or wax and fresh soy beans—were reduced. Frozen fruits and vegetables went up and, OPA said, the "supply is still far below the buying demand."

It explained "a fairly sharp and general upward point revision is necessary in order to syphon off some of the demand into other foods in larger supply."

Following are the new ration values (all effective Sunday):

Canned or bottled foods:
Fruits—No. 2 apples, 10 points; 16 oz. cranberries, 10 points; No. 2-2 peaches, 27 points; No. 2-2 pears, 21 points.
Vegetables—No. 2 fresh shelled beans (including black-eye peas) 10 points; No. 2 green or wax beans, 10 points; No. 2 fresh soy beans, 5 points; No. 2 canned or bottled beans (baked beans, pork and beans, kidney beans, etc.) 18 points.
No. 2 beets 8 points; No. 2 carrots 8 points; No. 2-2 pumpkin or squash, 21 points; No. 2-2 tomatoes, 21 points.

Frozen foods:
One pound all fruits and berries, 12 points; 12 ounces green or wax beans, 9 points; 12 ounces lima beans, 9 points; 10 ounces cut corn, 9 points; 12 ounces peas, 9 points; 14 ounces spinach, 12 points.

Dried foods:
One pound prunes, raisins and currants, 4 points; one pound beans, 2 points; one pound peas and lentils, 1 point.

Tomato Sauce and Cheese.
WASHINGTON, Sept. 2.—(AP)—After Sunday housewives won't have to give up their valuable red stamps to get a package of tomato sauce and cheese.

The Office of Price Administration announced it would boost to four points the ration value of a 8-ounce package of tomato sauce in combination with cheese, but said they could all be blue. Before the change the same package cost one red point for the cheese and two blue points for the tomato sauce.

Crash of Barksdale Field Bomber Kills Six Men Wednesday

SHREVEPORT, Sept. 2.—(AP)—The crash of a Barksdale Field medium bomber, on a routine training mission, near Kirbyville, Texas, killed six fliers, it was announced yesterday by Barksdale public relations office.

The dead were identified as: First Lt. Hugh R. Jackson, pilot, Covina, Calif.; Lt. Wallace W. Kettle, co-pilot, Minneapolis, Minn.; Lt. Vernon J. Kempson, navigator, bombardier, Roselle Park, N. J.; Staff Sgt. Robert E. Hayward, engineer, Peoria, Ill.; Sgt. Francis C. Strickland, Jr., gunner, Rockfall, Conn., and Staff Sgt. John W. Arnold, gunner, of Irvington, N. J.

There are seven families of frogs and toads in the United States.

CORSICANA, TEX., SEPT. 3, 1943

WAR IN ONE SENTENCE

In July, August and September, 1940, the Germans dropped 18,900 tons of bombs on England, while the British, bombing Germany, were able to retaliate with only 2,750 tons. In April, May and June of this year the score was: British bombs on Germany, 36,700 tons; German bombs on England, 700 tons. These figures, just released by the British Bomber Command, do not include any bombing of occupied Europe, nor the work of American flyers. From 7 to 1 in favor of Germany to 52 to 1 in favor of England without adding American bombs. There, in a sentence, is the story of the war.

WAR SPENDING DROP

The government's war spending took a drop in July of about \$442,000,000. This was the first time since February that there was a decrease in one month's expenditures over those of the month before. Out of a total of \$116,800,000,000 it isn't very much, but at least it gives a small ray of comfort. Further decreases should be reported from time to time. The drop does not represent a lessened production on the whole. It simply means that some of the things which had to be done in the beginning are now accomplished. Many new buildings had to be erected, for example, factory buildings in production plants, barracks, air fields and equipment at camps. Hotels and office buildings had to be leased and in some cases purchased outright for training purposes. Army and navy not only have enough of these structures now, but have arrived at the point where some of the hotels are being sold or turned back to previous owners. The current expenses go on, and will do so until the war is won and for some time afterward, but it is good to observe that some of the other spending is now beginning to taper off.

EXPERIMENT IN EXPORT

Brazil is happier, as her coffee moves off the decks, out of the warehouses, into American kitchens. She is thinking about other articles of export, organizing producers' co-operatives to start selling them. Brazil is said to hope that she may be able to sell to customers abroad foods and other articles at prices much higher than those charged her people at home. She hopes thus to raise the standard of living of the peasants whose living conditions anyone will admit are far too low. And maybe it's all right to charge the outlander a little more. Or is it? If it's too much more, the outlander will not buy. The American method, opponents of the high tariffs of old days used to say, was to charge the citizen twice as much for the sewing machine made in his own town as the same machine was sold for in far countries, after all the expenses of transportation had been added to its original production cost. But life is different now. In a new world could price differentials work in another direction? It is plain that lower prices for useful things not only raise standards for those who buy them, but the making of many useful, low-priced things adds pur-

Edgar A. Guest

The Poet of the People

WHAT GRANDCHILDREN DO.
This is what a grandchild does:
brushes off the years;
Polishes a grandpa's smiles; banishes his fears;
Lightens up his step a bit; brings him tasks to do;
Teaches him to play once more games which once he knew;
Leads him to the candy shops; in his world of men,
Sends him on his daily round young at heart again.

Grandfolds have no time to think they are getting old.
They must learn anew the rhymes and the tales they told;
They must plan for circus time; wander 'round the zoo,
Call the animals by name, as they used to do.
They've no voice for aches and pains. Young at heart are they.
Easter tide is their once more, and the Christmas Day.

This is what a grandchild does:
long lost joys restores;
Gives age back the birds and flowers and the out-of-doors;
Pleasures lost and long forgot; songs it used to sing;
Princes in the bigged towers; but-terflies a-wing;
Every charm that childhood bears in its joyous train,
For a third time down the years —all is ours again!

chasing power to those who make them. The Brazilian experiment with its Producers' Co-operatives will be watched with interest.

MOHAMMEDAN CHAPLAINS

That there are American Mohammedans is not widely known. Largely, but not wholly, of Syrian birth or ancestry, they are now advertising their existence by a plea for special chaplains in the armed forces to serve those of their faith. Protestants, Catholics and Jews all have their own spiritual advisers; so, the Mohammedans say, "Why should not we?" If their request is denied, it will be because of their small numbers. The latest available figures, compiled in 1936, show only 40,000 in the United States, and these scattered so that no great number are to be found in a single community. They will probably have to satisfy themselves with the army rule, stated by the Office of Chief of Chaplains: "Whenever it becomes obvious that the majority of the personnel in any unit or station is composed of Mohammedans or any other faith, the personnel will be provided with a chaplain of that faith." Another statement of the War Department adds, "Where minority groups need services which a unit chaplain cannot provide, local clergy are solicited to help out." The question is being further considered by the Department. If only an effort is being made to meet the religious requirements of all Americans. Freedom of religion is one of the causes for which America is fighting.

WHAT MAKES FARMERS

"Farming," says a city man who has been working as a hired hand, "is composed of equal parts of hard work and a philosophic frame of mind." Now it might be interesting to figure out which of these two qualifications comes first. Probably the hard work. For without that essential, all the philosophizing in the world wouldn't fill the bins and pay the mortgage. Nevertheless philosophy is important. Without it, a fellow subjected to the "slings and arrows of outrageous fortune" as exemplified in normal farm life wouldn't last long.

NO NEW RATIONING

The statement that there will be no need for further rationing this year, except possibly in coal, with a chance to escape that, is good news. It is refreshing, too, to be told that the pleasure ban on use of gasoline was "justly hated" and that legal verbiage in regulations is going to be simplified. Chester Bowles is off to a good start. If petty people will let him alone, he may get somewhere. And every American wants him to get where he says he is going—toward the simpler life. Useless words have become a great weariness and vexation of spirit. The Italians cry "Peace, peace!" and there is no peace.

BROUGHT TOGETHER

BITES WEDNESDAY FOR E. B. GASTON; BURIAL IN OAKWOOD

Funeral services for E. B. Gaston, age 55 years, who died Tuesday, were held Wednesday afternoon at 2 o'clock from the Corley chapel with Rev. J. I. Cartledge conducting the rites. Burial was in Oakwood cemetery. Surviving are a son, two brothers, three sisters and other relatives. Pallbearers were W. E. Dodds, E. E. Gierse, Travis McCall, Travis Fullwood, Roy Butler, George Elliott, Jamie Marr and Mike Edwards.

Government Has Permitted More Household Needs

Lately the government has recognized the value of baking pans, ice picks, flour sieves, carpet sweepers and other household items, and civilians soon should be able to obtain a few of these tools from their dealers. Production of these items, plus jar wrenches, metal pot scourers, and workers lunch boxes previously had been stopped. There are few other items for which additional metal is being made available. These include meat grinders, can openers, and vacuum bottles, says Vera Sneed, County Home Demonstration Agent. The biggest increase will be in workers' lunch pails. Replacement cord sets for electric irons now are to be produced in small quantity. The cords will be

New Sanitarian in City-County Health Department Work

H. D. Horn, recently of Belton, took over his duties Wednesday as sanitarian in the Corsicana-Navarro County Health Department replacing C. C. Bunnenburg who left for Austin where he will receive a new assignment. Bunnenburg had been in Corsicana since Dec. 1, 1942. Horn was the Bell county sanitarian for the Central Texas Health Unit which includes six counties. He attended North Texas State Teachers College, Denton. Mrs. Horn will join him here in the near future.

only six feet long and they will be made so that they can be taken apart and repaired easily. Dairy farmers can expect continued rationing of milk cans during 1944 Miss Sneed says. State quotas are set on based upon gross sales in each state during 1941 and 1942. A new regulation in the manufacture and sale of kitchen cutlery, scissors and shears also has been announced. Miss Sneed says there will be no more boxed sets. The consumer will buy only the piece or pieces he really needs. Only two types of scissors and shears will be manufactured, but they will fill a real need. Urging homemakers to care for the household equipment they already have, Miss Sneed emphasized the government's request for bottle salvage. Empty milk, ginger ale, and pop bottles usually are good for 30 round trips and if they are located and returned to dealers civilians supplies will be more abundant.

White's Chapel H. D. Club. White's Chapel Home Demonstration club will meet at the home of Mrs. Albert Beeman on Wednesday, Sept. 8 at 2 o'clock p. m.

E. B. GASTON DIED TUESDAY MORNING; RITES WEDNESDAY

E. B. Gaston, age 55 years, died at the P. and S. Hospital just before noon Tuesday. Funeral services will be held Wednesday afternoon at 2 o'clock from the chapel of the Corley Funeral Home and the rites will be conducted by Rev. J. I. Cartledge, pastor of the First Baptist Church. A native of Kentucky Gaston had been a resident of Texas and Corsicana for a number of years. He has been connected with several automobile firms here as a salesman and recently had been employed at Corsicana Field, Air Activities. Surviving are a son, Lt. J. C.

Gaston, U. S. Army; two brothers, Clarence Gaston, Houston; Otis Gaston, Waxahachie; three sisters, Mrs. J. R. Danie, Midlothian; Mrs. E. I. Buring, Ennis; Mrs. Joe Herron, Albany, and other relatives.

Supreme Court Justice Here. John H. Sharp, Austin, associate justice, Texas Supreme Court, former Ennis attorney, was a Corsicana visitor Thursday afternoon. Run a Daily Sun Want Ad for Quick Results.

CORSICANA, TEXAS

A REAL MISSION FOR JEWS SET FORTH ON MOUNT SINAI

Not Zionism, But Obedience to the Divine Law, The Cure For a Persecuted People's Ills—A Vast Program to Rally World to Mountain of the Law

By WILLIAM T. ELLIS.

It is a ticklish matter to attempt to consider publicly the Jewish question. This Lesson, "Israel Called to be a Holy People," will create much discussion in thousands of Bible classes; and teachers who seek to apply the plain Scripture to present conditions will be hotly criticized. The theme is not of our choosing; it was assigned by the International Committee in the regular course of Sunday School Lessons upon Exodus before ever Hitler had smeared Europe with blood of slaughtered Jews.

This Lesson, difficult though it be to consider in complete candor, is spread before us at a time when the conscience of all Christendom is aroused by the Nazi and Fascist atrocities. No aspect of the war has been more frightful than the treatment of the Jews. It seems as if an apex has been reached in the long tragic history of the Chosen People. The whole body of the Christian Church, regardless of divisions, has risen up in protest. It will be remembered by thoughtful Jews, that in their darkest hour the Christians were their friends and defenders.

Is Zionism the Answer?

Distracted Jews have seized upon the idea of Zionism—a Jewish nation established in Palestine—as the solution of their woes. The impression has been widely disseminated that all Jews would find a home in the territory promised to their Biblical forefathers. Reckless propagandists have even advertised that five million Jews could earn a livelihood in Palestine. Those who know the land say that it could not support a population of two million. Most of the nearly half million Hebrews at present resident there are supported by funds from abroad. Only seventeen percent are at work upon the soil. To assume that all of the world's Jews, who number about thirteen million, could return to Palestine is sheer unreason. The bare gray hills of the country, still showing traces of ancient terracing, can never again be made to produce vegetation.

A great disillusionment awaits the Zionists at the peace conference. Not only are the nine hundred thousand Arabic-speaking present, residents of Palestine, both Moslems and Christians—the latter descendants of the first disciples of Jesus—bitterly opposed to political Zionism; but the two hundred million Moslems of the world have made Zionism an issue, and the peace conference delegates will be unable to disregard this solid block of sentiment. Many of the most thoughtful Hebrew men in America and Great Britain are opposed to the Zion project, which is primarily not religious, but economic and political.

A Better Way Out

If the unique genius of the Jews for propaganda could be turned into the channels specifically prescribed by the Old Testament the results would be far more beneficial to humanity than any form of Zionism could possibly be. For the Hebrew people were made custodians of the Law given at Sinai.

That law is our present distracted world's greatest need. We simply must square the post-war world with the Ten Commandments. Only thus may the required change in life be achieved. We are deluged with blue-prints of a new sort of global order, but we need is not blue-prints, but two Tablets of Stone. Nothing short of an acceptance of the Divine Law can effect the great change, or empower men to live on the dreamed-of new and higher level.

Now Sinai is the Hebrew's high-

est inheritance. If all the unique power of propaganda possessed by the Jews were directed toward the proclamation and practice of the Ten Commandments—which apply universally and forever—the results would be a transformed human life.

A Mission for Jewry

Is this not a real and practicable mission for Jewry? It is a vast project; but the Jews have the brains and the means for it. Of course, the Christian Churches would join in heartily. In this common cause baneful anti-Semitism would be submerged. All the world would meet in awe of obedience before the Mountain of the Law.

Let us imagine that every Jew everywhere should take upon himself the mission of being an active proponent and practitioner of the Decalogue. Through the printed and spoken word people would be recalled to their first obedience. Philosophers would expound the truth that only men and women in accord with the Divine Power and Directions can possibly be adequate for the vast tasks that lie ahead. In obedience to the will of Jehovah true peace and prosperity would be found. The Old Testament would become a living book for the people to whom it was given, and to all others.

For not only Jews are called—Divinity and specifically called—to be a holy people, in all the relations of life—but that Law is imposed upon every person that walks the earth.

SEVEN SENTENCE SERMONS

Never yet did any man repent of having spoken too little, whereas many have been sorry they have spoken too much.—Arabian Nights.

Our deeds determine us as well as we determine our deeds.—George Eliot.

He who has a thousand friends has not a friend to spare, And he who has one enemy will meet him everywhere.—Amir Kahyiam.

"That book, sir, (the Bible), is the rock on which our Republic rests."—Andrew Jackson.

Ye shall be holy; for I am holy.—1 Peter 1:16.

Trouble's a ton or trouble's an Anon.

A trouble is what you make it; And it's not the fact that you're hurt that counts; It's only—how did you take it?—Anon.

It is too late to pull the rein when the horse has gained the brink of the precipice; the time for stopping the leak is that when the vessel is in the midst of the river.—Chinese Proverb.

***The Sunday School Lesson for September 5 is "Israel Called to be a Holy People"—Leviticus 19: 14, 11-18, 32, 34.**

FORMER CORSICANAN DIED FORT WORTH; BURIAL HERE FRIDAY

Miss Florence Caldwell, former resident of Corsicana, died at the home of her brother, Melville Caldwell, Fort Worth, Wednesday afternoon. Funeral services will be held at 10 o'clock Friday morning at Oakwood cemetery where interment will be made.

Dr. Matthew Arnold, pastor of the Third Avenue Presbyterian church, will conduct the rites.

Miss Caldwell left Corsicana a number of years ago and has made her home in Fort Worth since that time. Her brother, Melville Caldwell, was manager of the local telephone office when the family lived here and he has held a like position in Fort Worth. Another brother, Walter Caldwell, resides at Blooming Grove. A nephew, Capt. Bevelly Caldwell with the U. S. Army, also resides in Blooming Grove.

Sutherland-McCammion will direct the local arrangements.

**Miss Jean E. Johnson
Weds Army Officer in
Austin on August 23**

Corsicana friends will be interested in knowing that Miss Jean Elizabeth Johnson, daughter of Mr. and Mrs. Hal C. Johnson of Austin, became the bride of Lt. Robert George Bezucha, son of Mr. and Mrs. Lewis J. Bezucha of Chicago, Ill., on Monday, August 23, at 8 o'clock p. m. at the University Presbyterian church in Austin.

An informal reception was held at the home of the bride's uncle and aunt, Lt. Col. and Mrs. H. J. Weller, immediately following the ceremony, after which the couple left for a short stay in Galveston. Among the out of town relatives in attendance at the wedding were Mrs. Mattie Houston and Miss Elsie Houston of Corsicana, Miss Mae Clark of Waco, Mr. and Mrs. Lewis J. Bezucha of Chicago, Ill.

Ice Cream Supper

An ice cream supper will be held at the Eureka Methodist church on Friday evening, Sept. 3. Everyone is invited to attend.

NEW SURGICAL DRESSINGS CAPS—American Red Cross surgical dressings workers must now cover their hair completely. The out-fashions caps which were placed back on the head and were no protection against hairpins and bobby pins falling into the dressings, are obsolete. Pictured above is an industrious group of Red Cross volunteers working to assure a sufficient supply of dressings for wounded men on the battlefronts of the world. Women of Corsicana are being urged to give as much time as possible to the making of surgical dressings, if Navarro County's quota is to be met. The workshop is open each day at 9 o'clock from Monday through Friday. Will you be one of the volunteers this week?

Courthouse News

District Court.

District Judge A. P. Mays dismissed five old civil cases Monday. Ex parte, Robbie Jean Whitfield, habeas corpus, custody of one minor child, was awarded to Lewis E. Parker, maternal grandfather, in orders entered Tuesday following a hearing before A. P. Mays, district judge.

District Clerk's Office.

Pearl Johnson vs. Henry Johnson, divorce.

Ex parte, Robbie Jean Whitfield, habeas corpus, custody of a minor child is involved.

Lula Mae Bryant vs. Columbus Bryant, divorce.

Cornelius Hawthorne vs. Bessie Hawthorne, divorce.

Sylvester Crear vs. Bessie Crear, divorce.

Beulah Dodd vs. George Dodd, divorce.

The following 57 cases were filed during August:

Habeas corpus, 1; damages, 4; partition, 3; appealed from county court, 1; suit on promissory note, 1; trespass to try title and damages, 2; sequestration and trespass to try title, 1; for custody of child, 1; divorce, 43.

A negro paid the costs in a divorce case granted Wednesday in small change.

The amount to \$15.40 aid was paid in dimes, it was stated.

Opal Beard vs. Cecil Beard, divorce.

Allie Mae Moore vs. Nathaniel Moore, divorce.

Sheriff's Office.

There were 65 prisoners lodged in the county jail during August.

Willie Jones, negro, recently assessed 40 years in the penitentiary by a district court jury on a murder indictment, was transferred to the central prison unit at Huntsville Wednesday by Bud Russell, penitentiary transfer agent. Jones was tried in connection with the death of his estranged wife, Frankie Jones, in Northeast Navarro county, Feb. 28, 1943.

Marriage License.

James Newton Ellett and Minnie Ellen Purifoy.

Earl E. Allen and Patty Dunton.

Assignments.

Justice Court.

One was fined on a charge of violating the highway regulations before Judge A. E. Foster.

One was fined for speeding and one for violation of the railroad commission's regulations before Judge Hayden Paschall.

Two were fined on drunkenness charges by Judge Hayden Paschall. The arrests were by the highway patrol. One was fined on a theft charge, filed by the sheriff's department, and two highway regulations infractions fines were levied, filed by the constable's department.

Four were fined on highway regulation infractions in the court of Judge A. E. Foster.

**Corsicana Soldier
Reported in Hospital**

Word was received today by Mr. and Mrs. J. P. Rascoe that their son, Sgt. Joshua P. Rascoe, is in the hospital at Camp Adair, Corvallis, Ore., suffering a fractured back. He was injured on August 13, but details of the accident were lacking. Rascoe has been in the army since October, 1942, and is a field artillery detachment. The coward travels about on the hide of cattle, picking off insects.

Sick and Convalescent.

W. E. McKinney, who underwent an appendectomy at the Navarro Clinic Wednesday, is resting well today.

and 15 years old, have been signed for fancy roping and riding stunts. Dillard said they are "the young, fast in age and oldest in service," that have performed in Madison Square Garden. They are booked for the Garden following their performances here, he said, for their eleventh consecutive year.

Two of Texas' youngest champion ropers, Kenneth Trout and Sonny Sikes, 8 and 12 years of age, have been signed also. Weaver and Juanita Gray will show their horses in trick and fancy riding, according to Dillard.

Doughnut Contest.

An invitational in this year's show will be a doughnut contest between the sheriffs of Navarro and surrounding counties. The sheriffs will ride their horses to the end of the arena, take a bite out of a doughnut hanging on a string, and return to the starting line. Sheriff C. O. Curington has charge of arrangements for this feature, according to the manager, George Tyler of Gainesville, clown and bullfighter, has been booked for the rodeo.

Contracts have been signed with the Texas prison system for the bucking horses and Brahmas steers, and with Homer Todd, Fort Smith, Ark., for the calves, Dillard said.

er into Nazi defenses around Bryansk.

In the western air war, the RAF's giant bombers apparently gave the German home front a respite after Tuesday night's shattering assault on Berlin.

Swedish correspondents in Berlin said the Germans sent up nearly 1,400 night fighters in an attempt to ward off the RAF block-buster raiders Tuesday, but the Germans themselves admitted that about 350 planes broke through the capital's defenses.

A Swedish dispatch passed through Nazi censorship said the damage was "heavy both inside Berlin and on the outskirts," and reports reaching Stockholm said about 500,000 residents of Berlin fled the city for the duration of the "bomb war."

ITALIAN

a Tuesday night raid from which all aircraft returned safely, a Cairo announcement said.

(The Italian communique today said limited damage was caused by allied air raiders in the province of Naples.)

No allied planes were lost during the operations and the lack of mention in today's communique of any enemy planes shot-down indicated that enemy opposition was dwindling even further.

The concentrated bombing of the Italian toe was carried out in five raids by British Bombers and Balmores and American Mitchells escorted by Spitfires.

Rail and highway communications were attacked at Cape Spartivento, Ilivetta, La Marina, Garmarie and Bova Marina. A-36 invaders also damaged the radio station at Cape Spartivento.

Flames were seen to leap up over wide areas after the waves of planes laid their bombs in neat and close-knit patterns at the other targets.

CONFERENCES

with General George C. Marshall, army chief of staff, around noon, and was seeing British military leaders and chiefs of British missions in this country after lunch.

White House officials stressed that the visit should not be considered as a purely business nature since Mr. Roosevelt hoped to make it partly social. They also described the talks as representing not the beginning of a story but the conclusion of one begun in Canada.

Entirely lacking in these comments and in the general atmosphere of the new conference were signs of the extensive military planning which was the main pur-

State Governments

Getting Out Debt

Not So For U. S.

NEW YORK, Sept. 2.—(AP)—State governments are rapidly climbing out of the red, while the federal government goes \$60,000,000 deeper into debt this year, the Wall Street Journal stated in publishing results of a survey today.

Reports from 35 states were contained in the survey figures used, the financial paper stated, and many governors and budget officials reported their governments to be "in the best financial positions of their histories."

New war industries, larger pay-rolls and a score of other revenue factors have contributed to the healthy condition of state financial ledgers, the Journal said.

**Large Barn and
Contents Burned**

Fire of undetermined origin destroyed a large barn and contents on the farm of Dr. O. C. Bowmer near Richland Wednesday morning. The loss was estimated at \$1,500, including farm tools and feedstuff.

Fire of the Quebec meeting. The emphasis appeared rather to be on political aspects of the war in Europe, both present and future.

Proclamation

TO THE PEOPLE OF THE UNITED STATES

Proclamation

RECOGNIZING THE FACT that in carrying the war into enemy territory, we shall need greater amounts of money than any nation has ever asked from its citizens in all history, I, FRANKLIN D. ROOSEVELT, President of the United States of America, do officially proclaim that on Thursday, the ninth of September, 1943, the Third War Loan shall be launched.

As Commander-in-Chief, I hereby invoke every citizen to give all possible aid and support to this Third War Loan drive, not only so that our financial goal may be reached, but to encourage and inspire those of our husbands and fathers and sons who are under fire on a dozen fronts all over the world. It is my earnest hope that every American will realize that in buying War Bonds in this Third War Loan, he has an opportunity to express voluntarily and under the guidance of his conscience, the extent to which he will "back the attack."

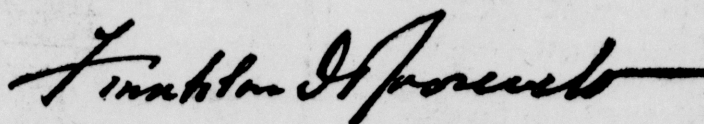

The American people supported well the first and second War Loan drives and in fact did even more than was asked of them. Our need for money now is greater than ever, and will continue to grow until the very day that Victory is won; so we must ask far more sacrifice, far more cooperation than ever before.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington, this twenty-sixth day of July, in the year of our Lord nineteen hundred and forty-three, and of the Independence
[SEAL] of the United States of America the one hundred and sixty-eighth.

By the President:

CORDELL HULL
Secretary of State.

DEDICATION FIRST BAPTIST CHURCH BE HELD IN SEPTEMBER

Dedication services of the First Baptist Church will be held from Monday, September 20, through Sunday, September 26, with the Rev. J. L. Carledge, pastor, in charge of arrangements.

All former pastors and supply pastors of that church have been invited to participate in the week's program and each will be in charge of one evening's services. The main dedicatory service will be held Sunday, September 26.

The church auditorium has recently been redecorated in a pink and blue color scheme, which will be carried out throughout the whole church interior. The walls are pink, ceilings blue, and woodwork white. The redecoration program will be completed within the month of September.

Church members who are on the house committee in charge of redecoration are: Mrs. Scott Lowry, Mrs. Hood Cheney, Mrs. Tom Westbrook, Mrs. J. C. Calhoun and Mrs. J. Carledge.

The church was paid out of debt in August and will be dedicated during the September services. All members are urged to be present at the Sunday services September 5, at which time a special offering will be taken for the redecoration expenses.

WEATHER

CONTINUED FROM FIRST PAGE

ing in months. Laredo, itself, however, was still thirsting for water. A shower of .13 of an inch did little to ease the heat there. For the third consecutive day Texas temperatures fell shy of 100-degree maximums.

Highest Readings.

Highest readings were at El Paso and Fort Worth, which had 97, the Dallas weather bureau reported, while Galveston fell a drop to 83 degrees, accompanied by .82 inches of rain.

Although rain fell to the extent of .46 inches at Palestine, the thermometer registered a high of 94 degrees, and at Waco the reading was 93 degrees, despite a .39 inch shower.

Continued light showers were beneficial to the rangelands in the Austin area, further delaying cotton picking.

Paris reported no rain, no prospects for rain, no new heat records made and no danger to crops, which County Agricultural Agent A. L. Edmiston says are made.

He added that rain is needed for livestock, however, and that the sky was overcast at Dallas today, which yesterday registered a maximum of 95 degrees. A trace of rain fell at Love Field, site of the weather bureau.

Scattered thundershowers were forecast for Houston this afternoon. Maimum there yesterday was 84, the minimum 77.

Scattered rainfall in the Plainview area last night was a relief to crops suffering lack of moisture. A fall of 1.12 inches was recorded in Plainview.

Threatening clouds at El Paso last night brought only scattered drops of rain and at Fort Worth, predicted showers failed to materialize. Today's skies at Fort Worth were overcast and light, scattered rains were promised for the afternoon.

The cotton and peanut crops in the vicinity of Fort Worth have been hit hard by the dry weather. The only rainfall there in more than two months was two inches June 27 and 72 inches July 25.

Little temperature changes were predicted in East and West Texas tonight, but the New Orleans weather bureau forecast scattered showers today and in the interior of the East portion of East Texas tonight. The bureau also forecast scattered showers this afternoon and tonight in the Big Bend country and Pecos Valley.

Miss Maude Bostick of Denison arrived today for a visit in the home of Mr. and Mrs. Finis Seale.

Second Lieut. Tommie Younger, U. S. Army anti-aircraft division, is spending several days with his parents, Mr. and Mrs. Conway Younger, en route to Camp Wallace, Texas, after finishing an anti-aircraft course at Camp Davis, North Carolina.

Younger was a sensational center with the Corsicana Tigers in the 1920s and later was a star line-man with the Centenary College Gentlemen of Shreveport, La. He coached Mildred and Waxahatchie high schools several years and later was in Tyler with an insurance concern.

Entering the armed forces in the air corps last December, Lieut. Younger transferred to the anti-aircraft in April.

REGISTRATION FOR HI-SCHOOL CLASSES SCHEDULED SEPT. 17

Registration for high school classes will begin Tuesday morning, Sept. 7, according to R. A. Armistead, principal. Students are asked to report to the high school at 8:30 a. m. to 12 noon; juniors Wednesday, Sept. 8, from 8:30 a. m. to 12 noon; and sophomores Thursday, Sept. 9, from 8:30 a. m. to 12 noon. Armistead pointed out, "All students are urged to report according to this schedule," he said. "If, however, circumstances make it impossible, they may report to the senior high school office at any time up to noon Tuesday, Sept. 7."

Regular class schedules will start Wednesday morning, Sept. 8, at 9 a. m., the principal said. Students who are new to Corsicana are asked to report to the high school office at once for conferences with the principal, so their classifications can be established. Armistead asked that the new students bring their book cards, records of previous school work, and establish their high school standing.

"These instructions do not apply to the spring graduates of the local junior high school, but students who have moved to the city during the summer," Armistead said.

When the academic division at Camp Hood, Texas, was dissolved, Lt. Lawrence O. Hoffman of Emhouse, commanding officer of Company A, academic regiment, found himself facing a great problem.

With the dissolution of the division all the high ranking officers of the Tank Destroyer School were assigned to Company A, thus placing Lt. Hoffman in the unusual position of being commanding officer of fifty-five officers who outranked him, including a full colonel.

Hoffman is the son of Mr. and Mrs. L. O. Hoffman of Emhouse.

Pvt. Eddie Gene Ellington, son of Mr. and Mrs. E. Ellington, of Chaffin, left Saturday for Camp Meade, Md., after spending a few days at home with his family.

He completed his basic training on Aug. 13 at Ft. Benning, Ga., as a paratrooper and received his wings. He graduated from Corsicana high school in 1942.
